

# 2010 PACK PROJECT

Your mission should you choose to accept is to transform your campsite into its assigned scouting branch. Use your imagination and creative skills. All materials needed for the project should be brought with you to camp and taken home with you upon departure. An award for the best site transformation will be given out at the end of the week. We would also like you to put on a short session to educate the staff and other packs about your scouting branch. Some ideas include the history, uniforming, or origination of the program. You can make your presentation at a flag ceremony or maybe something at mealtime. It's up to you! Let your imaginations run wild, but most importantly make sure you and your cubs have fun

Site assignments are as follows:

**Iroquois** will become Tigers  
**Mohawk** will become Boy Scouts  
**Abenaki** will become Venturers  
**Eagle Point** will become Explorers  
**Upper Apache** will become Webelos  
**Lower Apache** will become Cubs  
**Lakeview** will become Sea Scouts

The **ONLY** rules are contained within this document

Your education session **MUST** incorporate both youth and adults

Your Scouting Branch **MUST** be prominently displayed

Your Pack Number **MUST** be visible

Scout/Leaders **MUST** have fun

Time to transform your site will be made available

Use your imagination

Material to transform your site **MUST** be brought from home

Upon departure all material **MUST** be brought home

Permanent changes to your site **MUST** be cleared through the Camp Director
